

## 90 Years of Citroën Cars

Citroën Cars have issued the following Press Release outlining how the Company plans to mark the 90<sup>th</sup> Anniversary. They are keen to work with the UK clubs and our members are all invited to participate.

Despite relatively short notice, the TOC will be pleased and proud to put on a good show in support of Citroën on such a special occasion and we believe every TOC member who can do so, will be keen to be part of this unique event.

The programme is not fully finalised but the date, **Saturday October 3<sup>rd</sup>**, most certainly is. All interested members are requested to make direct contact with Citroën Cars, Slough, through one of the following two contacts.

([jemma.chalcroft@citroen.com](mailto:jemma.chalcroft@citroen.com) or [katie.read@citroen.com](mailto:katie.read@citroen.com) )

We also believe it would be good for the Club to show a united front and therefore ask those of you who do send an e-mail to Slough to copy it to both Tony Latchford [chairman@traction-owners.co.uk](mailto:chairman@traction-owners.co.uk) and Bernie Shaw [president@traction-owners.co.uk](mailto:president@traction-owners.co.uk) so we are aware of who to expect and, if feasible, co-ordinate the TOC presence.

Please therefore pass this information to anybody you know – especially those who may not have internet access. Citroën's preferred contact method is e-mail but, if there is anybody without an e-mail facility who would like to participate they can contact Jemma or Katie on 01753 843128. Again, please advise Tony or Bernie using the addresses or phone numbers inside the front cover of FP.

Thank you.

Bernie Shaw & Tony Latchford
